

Instruction Sheet For Grease Away

Kit Includes;

(1) 1 lb Grease Away Shaker Bottle

or (1) 5 Gallon Grease Away Bucket with (4) Empty Grease Away Shaker Bottle

Pre-Installation

Make sure wear safety glasses, mask and gloves before applying Grease Away.

1) Sprinkle the Grease Away fine white granular beads on the grease saturated surface(s).

2) Let The Grease Away sit on the grease saturated surface(s) for at least 72 hours.

3) The harmless by-product of grease can either be rinsed away by hose or the next rainfall.

It's that simple!
